*Each unique model number of food dispenser requires a separate Pro-Control Assembly, specific to barrel capacity and quantity of barrels.
(e.g. TAY794 vs. TAYC706)

**Each additional food dispenser requires its own Upgrade Kit, specific to its unique model number.
(i.e. Your TAYHRPC includes 1 Upgrade Kit)

Ensure enough Token Tags are available if you have multiple modules at one location, 1 tag for each module minimum. 1 Token Tag is supplied per case of LEXX™ Liquid Sanitizer and Cleaner Concentrate Cups or Pouches.
