**Hydra Rinse, a NSF-certified, AUTOMATED way to
clean your soft serve machine...**

It's EASIER

A **Fail-Safe** way to clean your machines, leaving your machine
consistently clean every time, unlike manual disassembly

It's FASTER

Minimal disassembly means you can clean in **half the time**
Lower labor costs due to shorter cleaning times

It's BETTER

Naturally-derived cleaning & sanitizing solution, LEXX™, removes
and prevents milkstone with ease

Pro-Control

An environmentally-friendly process to clean and sanitize your soft serve machine in half the time it takes to manually clean it and standardizes the process so it's ultra clean, every time.

Hydra Rinse, LLC
NSF/ANSI 6 - HRF5-0

- Automated, fail-safe, repeatable process
- 50% reduction in labor
- Reduces bacterial contamination due to user variation
- No more lube in the food contact zone
- Significant water savings of approximately 50%

ElectroFreeze GES 103	Cleaning Frequency Required	Cleaning Cycle Time	# of Cleans per Year
Current Process	Daily	63 min	365 (-383 hours)
Hydra Rinse Process	Every 72 Hours	35 min	130 (-76 hours)
	Projected Savings:	28 min or -53% reduction	268 hrs or -80% reduction

Wandstation

The wandstation allows for quick and easy cleaning of hard to reach areas with a pre-mixed solution, making light work of dirty work.

- Dispenses diluted LEXX™ at a low flow rate while maintaining high pressure
- No manual mixing of chemical
- 55' of Mobility
- Standardizes the dispensing to ensure a safe and effective clean every time

Hydra Rinse, LLC
NSF/ANSI 169 - WSF128-169

LEXX™

LEXX™ is part of ProNatural Brand's line of naturally derived cleaners and sanitizers that delivers a superior, professional performance, every time.

- Naturally Derived - No Chlorine - No Quats
- Exceeds Laboratory Standards in Germ Reduction
- Food Contact & Non-Food Contact Surfaces
- Controls Slime Buildup & Formation of Mold & Mildew
- No Rinsing Required - Non-Corrosive
